

# MOBILITY CHOICE BLUEPRINT

## YOU'RE INVITED...

Technology is changing and so is the way we travel. If we act now, together we can move toward a mobility future defined by people rather than technology. It's called the Mobility Choice Blueprint.

A unique planning and funding partnership of the Denver Metro Chamber, DRCOG, CDOT, and RTD, the 2030 Mobility Choice Blueprint is a collaborative strategy helping to define the region's mobility future through a more connected, mobile, adaptable and user-driven network.

Join us as we unveil and celebrate the recommendations of the 2030 Mobility Choice Blueprint. You'll hear from the Mobility Choice Initiative Board and project team about the choice between the alternative scenarios of Mobility Gridlock and Mobility Bold, our path to 2030 and the objectives and actions ahead.
