

PUBLIC HEARING AGENDA:

5:00 pm Open House Begins

- Review project displays, an animation video, and study documents
- Speak with project team members
- Provide a comment to the court reporter and/or provide a written comment using the form below

6:00 pm Presentation Begins

 Watch our presentation about the South Selmon PD&E Study to learn more about the Preferred Alternative

6:15 pm Resume Open House 7:00 pm Open House Ends

STUDY OVERVIEW:

The Tampa Hillsborough Expressway Authority (THEA) is conducting a Project Development and Environment (PD&E) Study to evaluate the best way to add additional capacity within the existing Selmon Expressway right-of-way. The study area is from Himes Avenue to the overpass at Whiting Street, approximately 4.5 miles.

SUBMIT YOUR COMMENTS ON YOUR TIME 3 WAYS.

To become part of the public hearing record, comments must be postmarked or sent by email by March 8, 2021.

Use this *comment card* to provide your written comments. Detach and submit tonight in the comment boxes provided at the hearing.

Or *email comments* to: info@selmonstudies.com

You can also *mail comments* to: Communications Department, THEA 1104 East Twiggs Street, Suite 300 Tampa, FL 33602

WHAT IS THE PREFERRED ALTERNATIVE?

THEA identified Alternative 6 as the Preferred Alternative based on data from the study evaluation results and public input. The Preferred Alternative is the most cost affordable in the short-term, adds needed capacity and addresses traffic congestion well into the future. Compared to other alternatives that were studied, the Preferred Alternative focuses near-term construction to the outside and minimizes future reconstruction, and provides walls full length of the project on both sides of the roadway.

INTERIM ROADWAY

The estimated interim cost is approximately \$197 Million.

ULTIMATE ROADWAY

The Ultimate 8-lane configuration would cost an additional \$68 Million.
